

YANK KNOWS WHERE 'GOD'S COUNTRY' IS

KANSAS CITY, Mo., June 13.—The "Kette East may think a whole lot of their country, but it takes a Kansas farmer to tell in a few words where the famous "God's country" is, told of by American soldiers of fortune, is located. Mrs. Darlene Newby, of the Red Cross service here, found out the exact location of the now famous land. She said to a returning soldier who happened to be at the Red Cross station:

"Are you glad to be back to the States?"

"Will be when I get back to God's country," he replied.

"Why, where's that?" she questioned in surprise.

"The Kansas wheat belt."

There are two kinds of dollars—one that is never worth more than a hundred cents, and one that grows in value. When you put your money in War Savings Stamps, you change your hundred-cent dollars into the kind that grow.

Raleigh Haberdasher, 1109-1111 Pa. Ave.

THE quality and value of the things we sell is our first consideration; they're necessary if we are to guarantee your satisfaction. We give you test of wear; money cheerfully refunded.

York Calls Off Long Honeymoon Trip as Flirtation With Sin

LOUISVILLE, June 13.—Sergeant Alvin C. York, world war hero, and his bride of less than a week have failed to reach Louisville, a scheduled stop on their proposed honeymoon to Salt Lake City as the guests of the Nashville delegation to the national convention of Rotary Clubs.

Telegrams from Paul Mail, Tenn. York's home, said the former soldier, who is second elder in the Church of Christ and Christian Union, had decided, after a conference with his pastor, that the trip, in effect, would be "merely a vainglorious call of the world and the devil," and that he could serve God best by staying at home.

A Louisville hotel manager entertained York and his bride at breakfast yesterday, with a number of other guests, including Mayor Smith, Judge Robert W. Bingham, and Henry Watterson.

URGE CHILDREN BE KEPT OFF STREETS

The increased number of street accidents prompted the Washington Safety First Association at its regular meeting yesterday afternoon to send out to parents another strong plea to have their children kept off the streets while playing, and not to make of the streets a public playground.

In this same connection a resolution was adopted asking drivers of vehicles to go more slowly at street crossings, since many of them add a burst of speed at such places in order to get the right of way, and this has resulted in many accidents. Plans were made to start a campaign in the fall to have school children and especially the Boy Scouts take charge of all street accidents and infringements of traffic regulations they see and report them to headquarters. This plan includes the award of medals to those who report the most and most important accidents and infringements to the chief of police.

The sale of the Mt. Pleasant playground called forth a resolution asking Congress to appropriate for the purchase of playgrounds, since the loss of this one deprives Mt. Pleasant of almost all its playground room. A safety first campaign is being conducted over the city in which educational lectures by members of the police force and fire department and officials of the city government, health department, and of the association will be given in many places. It is planned that these lectures be illustrated with slides and movie films.

Attention was called to the recent drowning at the new Tidal Basin Bathing Beach, and it was proposed that the authorities be asked for a full report on the conditions at the resort, including life saving appliances, life savers, and the guards at the beach. The board of directors was directed to keep in close touch with the beach this summer.

ST. JOHN'S DRIVE STARTS JUNE 23

Plans were completed for the drive of \$150,000 to erect an addition to St. John's college at a meeting of the campaign committee yesterday in the Harrington Hotel.

The drive will start June 23 and continue until the fall amount is obtained. A ladies' auxiliary committee and a senior business men's committee were appointed. The women will take charge of all entertainments, banquets and luncheons.

Fifty of Washington's leading business men have agreed to devote an hour or two every day in which to aid the general committee.

The following men were appointed to be members of the senior business men's committee: Michael A. Keane, J. Leo Kolb, A. J. May, P. T. Moran, J. T. Crowley, Wm. H. DeLoach, E. J. Quyan, Jas. T. Kyrle, Leo A. Royer, Michael Heister, C. J. Columbus, D. J. Callahan, and Frank P. Fenwick.

ALEXANDRIA NEWS Grand Jury Finds No Evidence of Gambling at Welcome Home Carnival.

ALEXANDRIA, VA., June 13.—Charges made by Judge Louis C. Barley before a grand jury in the corporation court on Wednesday that persons connected with a carnival company exhibiting here this week were violating the law by using gambling devices and giving objectionable dances were referred to briefly in a report submitted to the court as follows: "After having examined numerous witnesses we find no direct evidence upon which we could bring in indictments in connection with the carnival company operating in Alexandria." The jury spent several days in an investigation of health conditions here and reported that sanitary conditions are as satisfactory as could be expected under present circumstances.

A memorial mass was celebrated in St. Mary's Catholic Church by the Rev. Louis Smart this morning for the six members of that congregation who died in the war. Five of the men—Lee Wagner, Eugene Wilburn, Thomas W. Cook, William Northrup and John Wilburn—died in France, and Herbert Bernhardt died at Camp Lee. Tonight is Knights of Columbus night on the official program for the week and an entertainment will be given in Lyceum Hall.

Ordination exercises were held at the Episcopal Theological Seminary of Virginia this morning, when William Braxshaw, of West Virginia, and J. Keith Marshall, of Virginia, were presented for the diaconate, and the following were ordained to the priesthood: The Rev. John Fleming Wren Field, the Rev. Robert W. Lewis, and the Rev. Edward H. Vogt, all of the diocese of Virginia. The Rt. Rev. William Cabell Brown, of Virginia, presided. Bishop Gravitt, of West Virginia, and Bishops Tucker and Thomson, of southern Virginia, took part in the services.

Mrs. Florence B. Arnold, superintendent of the Anne Lee Memorial Home for the Aged, and David Kent Gannett, Alexandria agent for the Maryland Steamship Company, were married yesterday by the Rev. Dr. E. B. Jackson at the parsonage of the First Baptist Church.

The State corporation commission has granted a charter to the Alexandria Improvement Company, which will conduct a general real estate business. The maximum capital is \$500,000 and minimum \$100,000. The officers are: N. S. Greenaway, president; C. A. Callahan, vice president, and E. E. Carver, secretary.

Do you want to work for nothing? Then don't throw away the results of your work on trifling expenditures. War Savings Stamps are a solid, growing return.

LOVELORN PRINCE SHOOTS SELF

CROWN PRINCE CHARLES OF RUMANIA.

Who is suffering from a bullet wound in the leg, self-inflicted, according to a dispatch from Paris. The wound is not serious. The crown prince's act, which has caused a sensation in Bucharest, is said to have been prompted by the King's insistence that the prince make a six-month trip to Japan to forget Cecile Lambrino, the girl he married a year ago. He was forced by his royal parents to obtain a divorce from her because she was neither titled nor wealthy. Although a daughter of a retired army major, the Queen has done her utmost to divert Prince Charles from his former wife, who is still deeply attached to his former wife and has frequently been seen in her company. She lives in Bucharest and recently gave birth to a child.

FESS SAYS PACKERS ARE HOLDING MEAT

Congressman S. D. Fess, of Ohio, yesterday charged on the floor of the House that the packing interests are holding in cold storage 1,390,000,000 pounds of meat and 46,000,000 pounds of poultry, thereby keeping the prices of meat up. He asked for a Congressional investigation and legislation to force the packers to put these supplies on the market.

Similar charges were made several days ago against the War Department by Congressman Moore, of Pennsylvania, who declared that he was "inclined to believe there had been an international understanding to hold meat products off the market to keep the prices up."

THIN PEOPLE SHOULD TAKE PHOSPHATE

Noting Like Plain Bitro-Phosphate to Put on Firm, Healthy, Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies

need more phosphate than is contained in modern food. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate, known as Bitro-Phosphate. Bitro-Phosphate, which is inexpensive and is sold by People's Drug Stores in Washington, must be taken at regular intervals under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, Bitro-Phosphate should produce a welcome transformation in the appearance, the increase in weight frequently being astonishing. Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a complete transformation with me. I gained 15 pounds and never before felt so well."

CAUTION: Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not be given to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

WOULD CURB ARMY REALTY AUTHORITY

Efforts will be made in the House today to take away from the War Department its blanket authority to purchase real estate, given under war emergencies.

A rider to the army appropriation bill providing that none of the appropriation shall be used to purchase real estate was stricken out on a point of order, but Republicans plan to restore it by a special rule.

"We desire that the War Department shall ask Congress for specific authority when it desires to buy any property," Chairman Kahn, of the Military Affairs Committee, said.

Democrats claim that the rider disrupts the War Department's plans to buy some of the fields and campments for permanent military purposes.

The naval bill will be called up immediately after the army bill is disposed of and Chairman Butler, of the Naval Committee, will attempt to eliminate general debate on the bill. The appropriation is scaled down as far as the committee believed possible, Butler said. He has urged both the majority and minority leaders to rush consideration of the bill.

Money means work. Don't labor for trivialities. Save your labor and buy stamps.

Are You Superstitious? Then Beware, For Today Is Friday, the Thirteenth

Watch your step. Today is Friday the 13th. All manner of things that have evil effects are forecast for today, and it is a brave person, indeed, that begins any kind of a new venture on this day.

Breaking a mirror, walking under a ladder, having a black cat cross your path, permitting a lamp post to come between you and any one walking with you, and other things which for years have been the height of ill luck to the superstitious, pale into insignificance, compared with Friday the 13th.

HUT—It's all foolishness. Worse things have happened on lots of other days.

RESEMBLES I. W. W. HEAD AND IS NEARLY MOBBED

ST. LOUIS, Mo., June 13.—E. T. Shephard, of Marcus, Iowa, superintendent of schools there, is almost the double of Mayor Short, of this city, who has achieved national fame by his advocacy of the I. W. W. and his address of welcome at their recent convention here. This almost brought grief to Shephard. Before the convention the mayor

wrote the Morningside College authorities here telling them to warn the college boys if they tried to interfere with the convention they would run up against bayonets of the militia. This made the boys peevish.

When Professor Shephard appeared on the college campus he was almost mobbed, but a crowd of boys from Marcus vouched for their former school professor and saved him from further trouble.

Bayer-Tablets of Aspirin

"Bayer Cross" on Genuine Tablets.  For Pain, Neuralgia, Earache, Toothache, Colds, Rheumatism, Lumbago, Neuritis.
